PROFILE STATEMENT

Aspiring Frontend Developer with a core focus on building seamless, responsive, and high-performance user interfaces for product companies or agencies. Bringing a solid foundation in computer and application development, I bridge the gap between design and functional code to create meaningful user experiences. I excel in collaborative engineering environments, leverage structured problem-solving to tackle complex tasks, and am highly motivated to contribute to forward-thinking tech teams.

SKILLS

Technical Skills:

- **Frontend Web Development:** Built interactive, multi-page web interfaces using HTML, CSS, and JavaScript.
- **Mobile & Application Development:** Experience designing and developing responsive applications using Java and Kotlin.
- **Productivity Suites:** Proficient in MS Office (Word, PowerPoint, Excel, Outlook, OneNote Features).

Social & Leadership Skills:

- **Class Representative:** Served as a class representative, responsible for coordinating communication, initiating academic projects, and acting as a primary liaison between students and faculty.
- **Youth Leader:** Active Youth Leader at the New Apostolic Church, responsible for organizing community events, coordinating calendar initiatives, running weekly committee meetings, and mentoring young adults.
